

Arman Abgaryan

Computer Science Undergraduate | Aspiring Software Engineer

Motivated and goal oriented individual with a strong passion for technology, problem-solving, building projects, and helping others. Posses skills and characteristics such as critical thinking, adaptability, collaboration, and coding. Maintain a positive attitude while working both diligently and responsibly to complete tasks on time. Currenlty pursuing a B.S. in Computer Science and eager to apply my knowledge and skills toward a successful career in the tech industry.

Work Experience

Seasonal Sales Associate

Bath & Body Works

November - December 2018; November - December 2024

During the busy holiday season, assisted store operations and customers during major sales events such as Candle Day and Body Care Day. Gained experience in working in fast paced and high-traffic environments while multitasking between store upkeep and helping customers. Provided personalized product reccomendations to customers, found select items that customers were looking for, restocked shelves with their respective merchandise, retrieved inventory from offsite storage, and collaborated effectively with fellow team members to provide outstanding customer service and maintain efficient store operations.

Sales Associate

Assist customers by working at the front-end checkout and on the sales floor, primarily in the PC department.

Best Buy

August 2025 - Present

Help customers in choosing products, explain different product features and specifications, and provide tailored recommendations based on their situation, needs, and budget. Ensure incredible customer service by maintaining a positive attitude, engaging communication, and a helpful and friendly approach toward every customer interaction.

Education

Ulysses S. Grant High School: 2017 - 2021

Designation received: *High School Diploma (with Honors)*

Graduated June 10, 2021 | GPA: 3.8

Was in College-Preparatory and Digital Arts Magnet program, taking all honors-level courses along with two AP classes - AP English Language and AP English Literature - and passing both exams. Maintained a 3.8 GPA despite a intense and demanding academic workload designed to prepare us for the more intense and challenging academic nature of college.

California State University of Northridge (CSUN): 2021 - Current

Designation received: *Bachelor of Science in Computer Science*

Currently in my senior year at California State University of Northridge (CSUN), pursuing a B.S. in Computer Science. Throughout my time at CSUN, I have maintained a 3.8 GPA while completing advanced and challenging coursework such as Data Structures, Logic Programming, Software Engineering, and Algorithm Design. Gained experience in both solo projects such as programming Minesweeper to be played on the command line and collaborative projects such as an Ecommerce software for clothing and a Personal Finance website. Developed skills such as critical thinking, adaptability, problem-solving, and more that have prepared me for a future career in software engineering.
